

In 2008 Dorothy learned Senior Resources' *Meals On Wheels* offered hot, nutritious, lunches – delivered to her home every day by a

volunteer who cared! As she said “it was an answer to prayer.” Then, suddenly in August 2010 she learned her funding would end on October 1 – she and 67 others would no longer be able to receive their “answers to prayer.”

She was devastated when we called to let her know her funding was ending. She desperately needed the meals as well as the daily visit from our volunteer.

We desperately needed to find funding for her. At first we didn't find it permanently, but we scrambled and found emergency temporary funding. **We didn't have to do it, but she needed us!** So did many others like Dorothy who depend on our meals, visits and smiles each day.

Thanks in part to the generosity of our donors, all the people who lost funding last October are now back in the program.

We couldn't touch over 4,000 people each day without the support of our community.
